# What is the *Legends Fund?*

The Legends Fund was started in 2009 by a loyal group of Old Kingswoodians to raise funds to enable the son of a terminally-ill classmate to attend Kingswood. From there, the Fund quickly took on a life of its own in its growth, but it has never lost its soul: that of true Kingswoodian grit, spirit, character and family.

Because of this, the Legends Fund aims to recognise well-rounded pupils of exceptional character who hold the potential to become remarkable Kingswoodians, leaders and role models. These pupils must embrace the spirit of what it means to be a Kingswoodian, and seek to make a difference in the world around them.

We live in a country where access to quality education, and the ability to attend a school such as Kingswood College, remains a privilege and a demanding financial commitment to families. The ever-increasing boarding and tuition fees are factors that exclude many deserving children from accessing education of a quality that is synonymous with the College.

We understand the costs and pressures of life often make donating challenging, but we also know what magic can happen when a family comes together. For Kingswood the Legends Fund epitomises the notion that “together we are stronger”.

Help us as we harness the power of crowdfunding and transform a family’s life by giving their child the gift of a Kingswood education. A child who demonstrates what it is to be a Kingswoodian, and who inspires all around them with their spirit of giving, good nature, courage, respect and inclusivity.

Through the Legends Fund you can give as little as R150 per month and know that – because of our collective giving – it will make a remarkable impact on a child’s life, each and every time you give.

**We can only make a difference together.**

# Letters of *thanks* from a few beneficiaries

“I will forever remember my Kingswood roots and they will stand as the building blocks for my future. Having been at this school I have learnt to grab all the opportunities with both hands and to make the best out of every situation. I have made lifelong friends here and memories which I will cherish forever. It is such an inspiration to know how much the Legends Fund can change a person’s life in the way that it has changed mine.”

“Kingswood has provided me with many opportunities for which I will always be grateful. Especially because it was my mother’s dream for me to be at Kingswood College. She is an Old Kingswoodian. Thanks to the Legends Fund this dream became a reality as my parents could not afford to send my sister and I to this school. The experience of living in a boarding house has taught me tolerance and independence. I have made friends from far and wide with whom I will keep contact for the rest of my life. To attend a school where emphasis is placed not only on academic but a variety of sporting, social and cultural activities has been a privilege. I am honoured to be part of the Kingswood family.

Thank you to all the donors - YOU ARE THE REAL LEGENDS!”

“Despite my achievements and involvement in the school, you have also allowed me to really enrich myself with the family environment of Kingswood College. Never would I have thought to make such strong connections and lifetime friends during my time here. It is through the memories that I will have of my time here, that I will always reflect the true values of Kingswood College! I cannot truly express how grateful I am with only words. You have truly made my lifetime experience at Kingswood one of true value.”
