

KINGSWOOD COLLEGE LIVESTOCK FUND

The Kingswood's Livestock Fund turns your investment in livestock & our local farming community into real sustainable change at Kingswood through its support of the Legends Fund.

WHAT IS IT & WHO CAN GET INVOLVED:

The Kingswood's Livestock Fund is a project set up by Old Kingswoodians in our local farming community in support of Legends Fund at Kingswood. You don't need to be a farm owner to get involved, there are various ways to support the fund through donations or loans. To our local farming community, please be in touch if you can run weaners as part of your herd. Donations of cattle to the Fund would also be warmly welcomed.

ABOUT THE LEGENDS FUND:

The Legends Fund is a very unique bursary fund at Kingswood. Managed by it's own Committee, the Fund is administered within the spirit of its founding: begun originally by a group of Old Kingswoodians for the benefit of the children of a fellow classmate, the Committee is chaired by the President of the Old Kingswoodian Club.

Today, 60% of the Legends Fund's annual distributions are for the benefit of descendants of Old Kingswoodians. By supporting the Legends Fund you will not only make a remarkable impact on a child's life (who will in-turn enrich the lives of those at Kingswood) but also play a vital role in Kingswood future sustainability as a school.

HOW THE PROGRAMME WORKS:

Calves are placed on farms of supporting farmers who include them as marginal additions to their existing herds. Once grown-out of fattened, they are sold. The profits generated are then returned to the fund and the cycle is repeated.

This model can extend beyond just the purchasing of weaners to include the buying and selling of all livestock.

WHO CAN GET INVOLVED?

You don't need to be a farm owner to get involved, there are various ways to support the fund through donations or loans. To our local farming community, please be in touch if you can run weaners as part of your herd. Donations of cattle to the Fund would also be warmly welcomed.

HOW YOU CAN SUPPORT THE FUND

Kingswood College Trust has Section 18A status as a Public Benefit Organisation and is VAT registered. Donations from South African taxpayers may be eligible for a Section 18A tax certificate. For more information or to participate please contact the Kingswood College Foundation office.

DONATION

Donate cash for the purchase of livestock and any direct costs, provide **free grazing** for a selected number of the cattle or **donate livestock** itself.

LOAN

Make a cash loan to the project to purchase livestock. Once livestock is sold, loan will be repaid within 12 months, profits go towards the project.

GRAZING & MANAGEMENT

Offer grazing at a set fee or provide free grazing and management at project's risk.

FUND MANAGEMENT

The Livestock Fund is administered by the Kingswood College Foundation and the Legends Fund Committee, which is chaired by the President of the Old Kingswoodian Club. The Legends Fund Committee is responsible for managing the investment and distribution of funds to the College and in the Fund itself.

Please Note: All Legends Fund bursary awards are made through the Kingswood Admissions Office and the Scholarship and Bursary Committee so as not to place Kingswood Section 18 status at risk.

HISTORY

Begun in 2012 (and known originally the “Tollie Fund”), the essence of the project saw the raising of weaner calves that were cared for and grown out on supporting local farms at a marginal cost, before being sold for a profit. Unfortunately, the project saw its end due to the prolonged drought that ravaged the Eastern Cape from 2015 to 2021.

Today the project has expanded to include the buying and selling of all livestock, not just calves, expanding the scope and potential of what can be achieved. While the majority of the profits will be invested in growing the project, the Legends Fund is the project’s primary beneficiary.

LEARN MORE

To find out more about the Livestock Fund or to participate please contact Megan Erasmus in the Kingswood College Foundation office:

“Kingswood is as much part of the Eastern Cape, as the Eastern Cape is of it. The ethos and contribution of the farming community at Kingswood is invaluable, and with 70% of our pupils coming from within the Eastern Cape, there is no better way to honour this than through the Livestock Fund.”

- Carey Hobson, Director of Advancement
